

THE IDEAL SIZE, SHAPE AND STYLE OF YOUR HANDBAG

► **What is the best option** to flatter your figure

A handbag can impact the way your body looks, the same way that clothes do. It can make you look slimmer or heavier. Don't base your handbag choice solely on fashion; **learn the best size, shape and style for your body type.**

Curvy or medium size women

Size: Medium to large.

Shape: Geometrical shape handbags will flatter your figure.

Height: The straps should let the handbag end just below the waist.

Pear shape women

Size: Large.

Shape: Rectangular and long handbags slim your figure.

Height: The straps should let the handbag end below the waist, drawing the eyes to the top of your body.

Petite women

Size: Small bags work best for petite women. If you want to wear a larger handbag make it a clutch and keep it close to your body.

Shape: Long handbags that hang from your shoulders will make you look taller.

Height: Short straps are best.

Tall and slim women

Size: Medium to large.

Shape: Voluminous handbags in bright colors will flatter your figure.

Height: You can wear long or short straps.

Plus size women

Size: Large handbags will make you look stylish and proportionate.

Shape: Geometrical and straight lines handbags will flatter your figure.

Height: Straps should be medium to long.
